Mr. Lyle,

Once again, I want to thank you for the wonderful show you and Jade put on for the Lewisville Lightning Special Olympics. As was the case last year, our parents and athletes were absolutely enthralled with your show! From the opening to the very end, we were all on the edge of our seats just wondering what you were going to do next!

You have a true talent for entertaining and we are blessed that you share that talent with your community!

Cordially,
