Dear Christopher,

I just wanted to take a minute to personally thank you for your presentation to the Salesmanship Youth Camp on 22 April 2003. As you can imagine, it is always challenging to come up with fresh ideas to entertain and teach our youth.

We have had several programs in the past that were met with minimal interest by our campers. But your 3 Hour Magic Workshop and your 1 Hour Magic and Illusion Show that followed was a BIG SUCCESS! It was very hands-on and in-your-face, which is what all these kids need. The day had a good flow. The kids got to take part in learning how to perform magic and then got to experience one of your full show packages at the end of the day. It was good for them to see, that with practice, even the impossible is possible!

You told these kids that when you were their age, you needed something positive to focus on, and Magic was it. Since your class, I have seen a new life brought to these kids. There is an excitement buzzing around the camp like never before. All of these kids now have a tool to help build their self-confidence as well as improve their behavior in social situations and society as a whole.

You were AWESOME! We look forward to doing this again in the years to come.

Sincerely,

Michael C. Spain, M.MFT
